WE ARE PLANTS.

We focus on climate-resilient "future trees" and sustainable planting concepts. Our 7 experience gardens and 9 themed gardens inspire visitors and showcase plants in real garden settings.

FULL-SERVICE GARDENING

Customers select their favourite plants in our nursery and we take care of the rest - from delivery to professional planting and garden creation.

Everything from one source.

EVENTS & EDUCATION

Throughout the year we host garden festivals, workshops and expert talks.

IN 2026 OUR EVENT SERIES IS DEDICATED TO "THE MOST BEAUTIFUL GARDENS OF THE WORLD".
